

Our

WINE LIST

An Adventure for the Senses

Imagine embarking on a relaxed journey right into the best wine regions of the world. Our wine list is like an open book full of popular classics and hidden gems. Whether you're looking for something down-to-earth for a cozy evening or a rare find, we have the perfect drop for you.

We love wine and are eager to share our knowledge with you. Let us guide you to find the ideal wine to pair with your meal. And the best part? Many of our quality wines are available not just by the bottle but also by the glass. Be inspired by our selection and perhaps discover your new favorite wine.

Our expertise is grounded in the knowledge of wine critics like Robert Parker, James Suckling, Luca Maroni, Gambero Rosso, Decanter, Tim Atkin, and "ASI Best Sommelier of the World 2019" Marc Almert.

But in the end, it's all about what tastes right to you. Sure, experts like Robert Parker and James Suckling are tops in their field - but they don't know exactly what YOUR palate prefers. Our service staff may not be wine sommeliers, but they've tried all our wines (someone's got to do the hard job!) and can offer you the best advice. Let's find together the wine that not only matches your meal but also perfectly suits your taste - no frills, just honest and delicious.

PROST, TO A DELIGHTFUL JOURNEY!!
